

Beautification Board Meeting Minutes
February 10, 2025

Discussion of what went well at the Christmas tree lighting.

Everything seemed to have gone pretty smoothly, we were all very pleased with how many people came especially with how cold it was. The vendors all did very well and we didn't have many issues with the spaces and vendors. The city guys that worked with us were amazing and helped us all day long. Not having the VIP tent was good because it allowed all of us to be out working with the vendors.

Discussion of what we could do better for the Christmas tree lighting

We need to have specific people assigned to the parking lots to help vendors find where they are supposed to be.

Hal (Hewy) Woodman was introduced to us as our new council liaison due to Chris leaving council.

We discussed the events at the city council meeting that applied to our board. We received 3 new members voted in by the city council. They are:

Cathay Hammann

Jamie Barnes

Stephanie Frederick

Thomas Hart

Rebekah will be getting in touch with them and letting them know about our next meeting so they can attend.

We also discussed with Hal the members of the board that have not attended in a long time and need to be removed from the board. They are:

Joy Childers

Ashley Puckett, who asked to be taken off the board

Randi Lambert

Plans were made to have a city clean up day on March 8th. Basket planting was also scheduled for Saturday April 26th.

New Business- We talked about new things that the board wants to do and what direction we want to go with the board. An idea was brought up to bring back the yard of the month and how that would work.

A motion was made to adjourn.

Next meeting will be on Monday, March 10, 2025 6:45 at Beef O'Brady's in Helena.
